Scientist / Application Specialist
Biophysical Analysis of Molecular Interactions

DYNAMIC BIOSENSORS is a young biotech company based in Munich, Germany, and San Diego, California, focused on the development and marketing of novel technology for biophysics in the areas of molecular interaction analysis and drug discovery. The company’s pioneering and award-winning switchSENSE technology is used in life science research in academic and industry laboratories. Beyond the science, Dynamic Biosensors is buzzing with ideas, nice people, and fueled by an entrepreneurial spirit.

We are seeking highly-qualified and motivated biophysicists to join our team in Munich!

Job Description
You will be part of an interdisciplinary R&D team (biophysics, biochemistry, molecular biology) and will be tackling a set of diverse tasks:
- Develop applications for scientific customers in pharma and academia using the switchSENSE technology
- Perform technology evaluations and demos in the Dynamic Biosensors labs in Munich or San Diego, and in customer labs worldwide; compile and present scientific reports and collaborate with the Sales Team
- Develop novel biophysical assays, instruments, and chips
- Provide technical advice to switchSENSE users and support scientists on-site
- Support marketing activities by attending conferences, trade shows, and user meetings
- Give technical presentations about biophysical assays and the switchSENSE technology

Requirements
- PhD in biophysics, physical chemistry, or similar
- Experiences with biophysical methods for molecular interaction analysis (SPR or other) are a plus
- Experiences with fluorescence based methods (spectroscopy, energy transfer, imaging, ...) are a plus
- Experiences with drug discovery of large and small molecules, cell assays, electrochemistry, microfluidics, and advanced laboratory equipment are a plus
- Experiences with data analysis software and programming languages are a plus
- Great team spirit, having fun collaborating
- Willingness to travel (mainly Europe & North America), driving license
- Excellent communication and presentation skills, fluent in English
